Malik Turley:

After having 2 children and while pregnant with her third, Malik had the opportunity to attend a friend during labor. That experience inspired her to become a birth doula and enabled her to find and live her passion – helping parents and children. Working with moms in labor and watching their natural movements led Malik to explore belly-dancing as a way to enhance her doula practice and fell in love with the art-form. She has been dancing on her own and with clients ever since, using a variety of styles to help women find the thrill of learning about their bodies through movement.
