

SPECIAL EVENT

Homebirth Meetup

Gather to talk about laboring and birthing at home

Free Monthly Meetings

Sundays from 2:00 - 4:00pm

Join us at Bloom for the Chicago Homebirth Meetup Group's monthly get-together. Gather with expectant couples, doulas, midwives, and other homebirth enthusiasts to talk about all things birth. If you're curious about your options for laboring and/or birthing outside the hospital setting, this is a great place to meet others for conversation and support.

The gatherings begin with introductions and sharing of birth stories, followed by interactive group discussions. You do not need to be pregnant or planning a homebirth to join us. Partners are encouraged to attend and children are welcome! Each month's meetup focuses on a different aspect of homebirth. See the list below for upcoming discussion topics. Be sure to RSVP so we can save some tea and cookies for you!
